

Web Assignment 2 – Documentation

Ákos Szántó

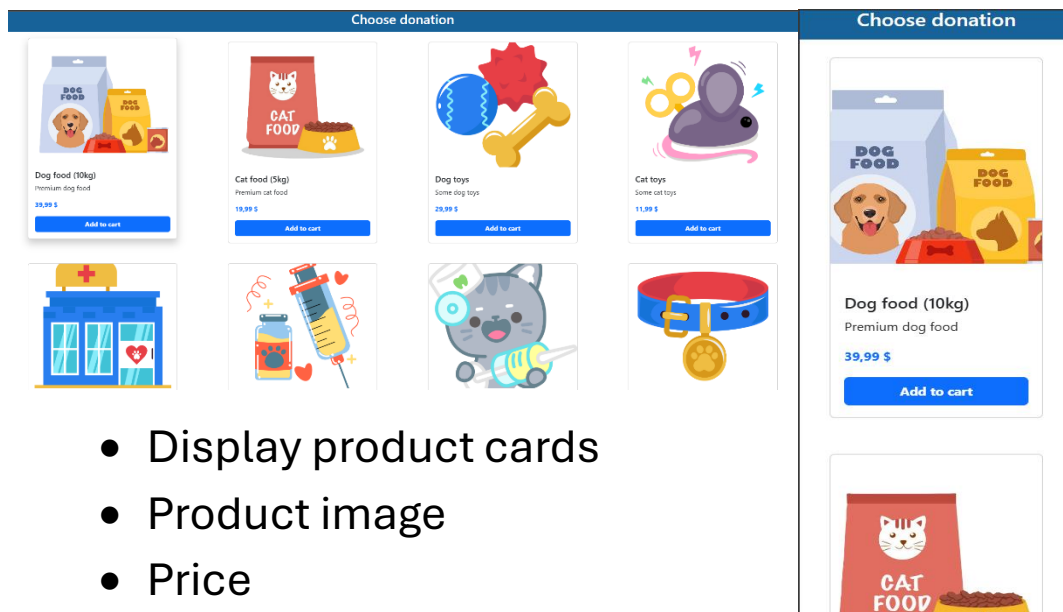

Summary about the page

When creating the site, I tried to create something more modern. When you open the site, a so-called "Hero section" appears, which is used by many new modern websites. In its style, I again tried to follow a clean line with blue and white colors, I did not modify the styles of the bootstrap component. Theme is an animal shelter where donations, medical care, and adoption can be purchased. The tax and discount system is also included, as requested in the task description.
